

## **Caglia Environmental Helps Mariposa Stay Beautiful**

The Caglia Environmental team took a road trip to Mariposa County to help with clean-up of that community for Earth Day. Company managers participated in the event, and Caglia Environmental donated gloves, safety vests and trash bags to Mariposa community members who volunteered for the county's clean-up.

"This was a great opportunity to lend a hand to Mariposa," said Alan L. Davis, General Manager of Solid Waste and Recycling Operations for the Caglia Environmental Companies. "Preserving the natural beauty of mountain areas like Mariposa is very important to us. We try to help

communities as much as possible with the prevention of littering and the clean-up when necessary." Volunteers filled the trash bags with litter, and Caglia Environmental trucks collected the materials for trash and recycling processing. "The Caglia family has been a leader in recycling for decades. As a family owned business, Caglia Environmental is continuing that tradition, while using the most advanced, state-of-the-art technology available to

provide recycling services," said Davis.

"Volunteers from Mariposa are proud of their community and really want to see its natural beauty preserved. We're glad that we were able to participate in that effort."
